Public API for `tf._api.v2.autograph.experimental` namespace

Function Signatures

```
do_not_convert(...)
set_loop_options(...)
```

Documentation

Public API for `tf._api.v2.autograph.experimental` namespace

Classes

`class Feature`: This enumeration represents optional conversion options.

Functions

`do_not_convert(...)`: Decorator that suppresses the conversion of a function.

`set_loop_options(...)`: Specifies additional arguments to be passed to the enclosing `while_loop`.
