https://www.tensorflow.org/api_docs/python/tf/compat/v1/initializers/he_normal

He normal initializer.

Function Signatures

```
tf.compat.v1.initializers.he_normal( seed=None )  
stddev = sqrt(2 / fan_in)
```

Code Examples

```
tf.compat.v1.initializers.he_normal(  
seed=None  
)
```

```
tf.compat.v1.initializers.he_normal(  
seed=None  
)
```

Documentation

He normal initializer.

It draws samples from a truncated normal distribution centered on 0 with standard deviation (after truncation) given by $\text{stddev} = \sqrt{2 / \text{fan_in}}$ where `fan_in` is the number of input units in the weight tensor.

Returns
