https://www.tensorflow.org/api_docs/python/tf/compat/v1/delete_session_tensor

Delete the tensor for the given tensor handle.

Function Signatures

```
tf.compat.v1.delete_session_tensor( handle, name=None )
```

Code Examples

```
tf.compat.v1.delete_session_tensor(  
handle, name=None  
)
```

```
tf.compat.v1.delete_session_tensor(  
handle, name=None  
)
```

Documentation

Delete the tensor for the given tensor handle.

This is EXPERIMENTAL and subject to change.

Delete the tensor of a given tensor handle. The tensor is produced in a previous `run()` and stored in the state of the session.

Returns
