tf.compat.v1.load_file_system_library( library_filename )
```

Code Examples

```
tf.compat.v1.load_file_system_library(  
library_filename  
)
```

```
tf.compat.v1.load_file_system_library(  
library_filename  
)
```

Documentation

Loads a TensorFlow plugin, containing file system implementation. (deprecated)

Pass `library_filename` to a platform-specific mechanism for dynamically loading a library. The rules for determining the exact location of the library are platform-specific and are not documented here.
