https://www.tensorflow.org/api_docs/python/tf/compat/v1/nn/avg_pool

Performs the average pooling on the input.

Function Signatures

```
tf.compat.v1.nn.avg_pool( value, ksize, strides, padding,  
data_format='NHWC', name=None, input=None )
```

Code Examples

```
tf.compat.v1.nn.avg_pool(  
    value,  
    ksize,  
    strides,  
    padding,  
    data_format='NHWC',  
    name=None,  
    input=None  
)
```

```
tf.compat.v1.nn.avg_pool(  
    value,  
    ksize,  
    strides,  
    padding,  
    data_format='NHWC',  
    name=None,  
    input=None  
)
```

Documentation

Performs the average pooling on the input.
