

MemRecordsAcc#

https://pytorch.org/docs/stable/generated/torch.autograd.profiler_util.MemRe

Description:

Acceleration structure for accessing mem_records in interval. Return all records in the given interval To maintain backward compatibility, convert us to ns in function

Function Signature

```
class
torch.autograd.profiler_util.MemRecordsAcc(mem_records)
[source]#
in_interval(start_us, end_us)[source]#
```
