

torch.cuda.graph_pool_handle#

https://pytorch.org/docs/stable/generated/torch.cuda.graph_pool_handle.html#

Description:

Return an opaque token representing the id of a graph memory pool. See Graph memory management. This API is in beta and may change in future releases.

Function Signature

```
torch.cuda.graph_pool_handle()[source]#
```

Return type

Returns:

_POOL_HANDLE

Notes & Warnings

WARNING

Warning This API is in beta and may change in future releases.
