

torch.cuda.initial_seed#

https://pytorch.org/docs/stable/generated/torch.cuda.initial_seed.html

Description:

Return the current random seed of the current GPU. This function eagerly initializes CUDA.

Function Signature

```
torch.cuda.initial_seed()[source]#
```

Return type

Returns:

int

Notes & Warnings

WARNING

Warning This function eagerly initializes CUDA.

Detailed Documentation

Documentation

Return the current random seed of the current GPU.

This function eagerly initializes CUDA.

Return the current random seed of the current GPU.
