

torch.cuda.is_available#

https://pytorch.org/docs/stable/generated/torch.cuda.is_available.html#torch

Description:

Return a bool indicating if CUDA is currently available. This function will NOT poison fork if the environment variable PYTORCH_NVML_BASED_CUDA_CHECK=1 is set. For more details, see Poison fork in multiprocessing.

Function Signature

```
torch.cuda.is_available()[source]#
```

Return type

Returns:

bool

Notes & Warnings

NOTE

Note This function will NOT poison fork if the environment variable `PYTORCH_NVML_BASED_CUDA_CHECK=1` is set. For more details, see [Poison fork in multiprocessing](#).
