

torch.cuda.is_tf32_supported#

https://pytorch.org/docs/stable/generated/torch.cuda.is_tf32_supported.html#

Description:

Return a bool indicating if the current CUDA/ROCm device supports dtype tf32.

Function Signature

```
torch.cuda.is_tf32_supported()[source]#
```

Return type

Returns:

bool

Detailed Documentation

Documentation

Return a bool indicating if the current CUDA/ROCm device supports dtype tf32.

Return a bool indicating if the current CUDA/ROCm device supports dtype tf32.
