

torch.cuda.set_device#

https://pytorch.org/docs/stable/generated/torch.cuda.set_device.html

Description:

Set the current device. Usage of this function is discouraged in favor of `device`. In most cases it's better to use `CUDA_VISIBLE_DEVICES` environmental variable. `device` (`torch.device` or `int`) – selected device. This function is a no-op if this argument is negative.

Function Signature

```
torch.cuda.set_device(device)[source]#
```

Parameters

Detailed Documentation

Documentation

Set the current device.

Usage of this function is discouraged in favor of `device`. In most cases it's better to use `CUDA_VISIBLE_DEVICES` environmental variable.

`device` (`torch.device` or `int`) – selected device. This function is a no-op if this argument is negative.

Set the current device.

Usage of this function is discouraged in favor of `device`. In most cases it's better to use `CUDA_VISIBLE_DEVICES` environmental variable.
