

torch.cuda.set_rng_state#

https://pytorch.org/docs/stable/generated/torch.cuda.set_rng_state.html

Description:

Set the random number generator state of the specified GPU. `new_state` (`torch.ByteTensor`) – The desired state device (`torch.device` or `int`, optional) – The device to set the RNG state. Default: 'cuda' (i.e., `torch.device('cuda')`, the current CUDA device).

Function Signature

```
torch.cuda.set_rng_state(new_state, device='cuda')[source]#
```

Parameters

Detailed Documentation

Documentation

Set the random number generator state of the specified GPU.

`new_state` (`torch.ByteTensor`) – The desired state

`device` (`torch.device` or `int`, optional) – The device to set the RNG state. Default: 'cuda' (i.e., `torch.device('cuda')`, the current CUDA device).

Set the random number generator state of the specified GPU.

`new_state` (`torch.ByteTensor`) – The desired state

`new_state` (`torch.ByteTensor`) – The desired state

`device` (`torch.device` or `int`, optional) – The device to set the RNG state. Default: 'cuda' (i.e., `torch.device('cuda')`, the current CUDA device).

`device` (`torch.device` or `int`, optional) – The device to set the RNG state. Default: 'cuda' (i.e., `torch.device('cuda')`, the current CUDA device).
