

torch.nn.functional.batch_norm#

https://pytorch.org/docs/stable/generated/torch.nn.functional.batch_norm.html

Description:

Apply Batch Normalization for each channel across a batch of data. See `BatchNorm1d`, `BatchNorm2d`, `BatchNorm3d` for details.

Function Signature

```
torch.nn.functional.batch_norm(input, running_mean,  
                               running_var, weight=None, bias=None, training=False,  
                               momentum=0.1, eps=1e-05)[source]#
```

Return type

Returns:

Tensor

Detailed Documentation

Documentation

Apply Batch Normalization for each channel across a batch of data.

See `BatchNorm1d`, `BatchNorm2d`, `BatchNorm3d` for details.

Apply Batch Normalization for each channel across a batch of data.
