

torch.nn.functional.group_norm#

https://pytorch.org/docs/stable/generated/torch.nn.functional.group_norm.html

Description:

Apply Group Normalization for last certain number of dimensions. See GroupNorm for details.

Function Signature

```
torch.nn.functional.group_norm(input, num_groups,  
weight=None, bias=None, eps=1e-05)[source]#
```

Return type

Returns:

Tensor

Detailed Documentation

Documentation

Apply Group Normalization for last certain number of dimensions.

See GroupNorm for details.

Apply Group Normalization for last certain number of dimensions.
