

torch.nn.functional.hardshrink#

<https://pytorch.org/docs/stable/generated/torch.nn.functional.hardshrink.html>

Description:

Applies the hard shrinkage function element-wise See Hardshrink for more details.

Function Signature

```
torch.nn.functional.hardshrink(input, lambd=0.5) → Tensor#
```

Detailed Documentation

Documentation

Applies the hard shrinkage function element-wise

See Hardshrink for more details.

Applies the hard shrinkage function element-wise
