

torch.nn.functional.hardswish#

<https://pytorch.org/docs/stable/generated/torch.nn.functional.hardswish.html>

Description:

Apply hardswish function, element-wise. Follows implementation as described in the paper: Searching for MobileNetV3. See Hardswish for more details.

Function Signature

```
torch.nn.functional.hardswish(input, inplace=False)[source]#
```

Return type

Returns:

Tensor

Detailed Documentation

Documentation

Apply hardswish function, element-wise.

Follows implementation as described in the paper: Searching for MobileNetV3.

See Hardswish for more details.

Apply hardswish function, element-wise.

Follows implementation as described in the paper: Searching for MobileNetV3.
