

torch.nn.functional.leaky_relu#

https://pytorch.org/docs/stable/generated/torch.nn.functional.leaky_relu.html

Description:

Applies $\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$ element-wise, $\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$. See [LeakyReLU](#) for more details.

Function Signature

```
torch.nn.functional.leaky_relu(input, negative_slope=0.01, inplace=False) → Tensor[source]#
```

Return type

Returns:

Tensor

Detailed Documentation

Documentation

Applies element-wise,

$$\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$$
$$\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$$

See [LeakyReLU](#) for more details.

Applies element-wise,

$$\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$$
$$\text{LeakyReLU}(x) = \max(0, x) + \text{negative_slope} * \min(0, x)$$

See [LeakyReLU](#) for more details.
