

# torch.nn.functional.rms\_norm#

[https://pytorch.org/docs/stable/generated/torch.nn.functional.rms\\_norm.html](https://pytorch.org/docs/stable/generated/torch.nn.functional.rms_norm.html)

## Description:

Apply Root Mean Square Layer Normalization. See RMSNorm for details.

## Function Signature

---

```
torch.nn.functional.rms_norm(input, normalized_shape,  
weight=None, eps=None)[source]#
```

Return type

## Returns:

Tensor

# Detailed Documentation

---

## Documentation

Apply Root Mean Square Layer Normalization.

See RMSNorm for details.

Apply Root Mean Square Layer Normalization.

See RMSNorm for details.
