

torch.nn.functional.softshrink#

<https://pytorch.org/docs/stable/generated/torch.nn.functional.softshrink.html>

Description:

Applies the soft shrinkage function elementwise See Softshrink for more details.

Function Signature

```
torch.nn.functional.softshrink(input, lambd=0.5) → Tensor#
```

Detailed Documentation

Documentation

Applies the soft shrinkage function elementwise

See Softshrink for more details.

Applies the soft shrinkage function elementwise
