

torch.nn.functional.softsign#

<https://pytorch.org/docs/stable/generated/torch.nn.functional.softsign.html>

Description:

Applies element-wise, the function $\text{SoftSign}(x) = \frac{x}{1 + |x|}$. See Softsign for more details.

Function Signature

`torch.nn.functional.softsign(input) → Tensor[source]#`

Detailed Documentation

Documentation

Applies element-wise, the function $\text{SoftSign}(x) = \frac{x}{1 + |x|}$

See Softsign for more details.

Applies element-wise, the function $\text{SoftSign}(x) = \frac{x}{1 + |x|}$

See Softsign for more details.
