

torch.nn.utils.clip_grad_norm#

https://pytorch.org/docs/stable/generated/torch.nn.utils.clip_grad_norm.html

Description:

Clip the gradient norm of an iterable of parameters. This method is now deprecated in favor of `torch.nn.utils.clip_grad_norm_()`.

Function Signature

```
torch.nn.utils.clip_grad_norm(parameters, max_norm,  
norm_type=2.0, error_if_nonfinite=False, foreach=None)  
[source]#
```

Return type

Returns:

Tensor

Notes & Warnings

WARNING

This method is now deprecated in favor of `torch.nn.utils.clip_grad_norm_()`.

Detailed Documentation

Documentation

Clip the gradient norm of an iterable of parameters.

This method is now deprecated in favor of `torch.nn.utils.clip_grad_norm_()`.

Clip the gradient norm of an iterable of parameters.

This method is now deprecated in favor of `torch.nn.utils.clip_grad_norm_()`.
