

# torch.\_foreach\_ceil\_#

[https://pytorch.org/docs/stable/generated/torch.\\_foreach\\_ceil\\_.html](https://pytorch.org/docs/stable/generated/torch._foreach_ceil_.html)

## Description:

Apply `torch.ceil()` to each Tensor of the input list.

## Function Signature

---

```
torch._foreach_ceil_(self: List[Tensor]) → None#
```

## Detailed Documentation

---

### Documentation

Apply `torch.ceil()` to each Tensor of the input list.

Apply `torch.ceil()` to each Tensor of the input list.
