

# torch.\_foreach\_cosh#

[https://pytorch.org/docs/stable/generated/torch.\\_foreach\\_cosh.html#torch.\\_foreach\\_cosh](https://pytorch.org/docs/stable/generated/torch._foreach_cosh.html#torch._foreach_cosh)

## Description:

Apply `torch.cosh()` to each Tensor of the input list.

## Function Signature

---

```
torch._foreach_cosh(self: List[Tensor]) → List[Tensor]#
```

## Detailed Documentation

---

### Documentation

Apply `torch.cosh()` to each Tensor of the input list.

Apply `torch.cosh()` to each Tensor of the input list.

---
