

# torch.\_foreach\_sqrt#

[https://pytorch.org/docs/stable/generated/torch.\\_foreach\\_sqrt.html#torch.\\_foreach\\_sqrt](https://pytorch.org/docs/stable/generated/torch._foreach_sqrt.html#torch._foreach_sqrt)

## Description:

Apply `torch.sqrt()` to each Tensor of the input list.

## Function Signature

---

```
torch._foreach_sqrt(self: List[Tensor]) → List[Tensor]
```

## Detailed Documentation

---

### Documentation

Apply `torch.sqrt()` to each Tensor of the input list.

Apply `torch.sqrt()` to each Tensor of the input list.
