

torch.accelerator.current_device_idx#

https://pytorch.org/docs/stable/generated/torch.accelerator.current_device_idx.html

Description:

(Deprecated) Return the index of a currently selected device for the current accelerator. the index of a currently selected device. `torch.accelerator.current_device_idx()` is deprecated in favor of `torch.accelerator.current_device_index()` and will be removed in a future PyTorch release.

Function Signature

```
torch.accelerator.current_device_idx()[source]#
```

Returns

Return type

Returns:

int

Notes & Warnings

WARNING

Warning `torch.accelerator.current_device_idx()` is deprecated in favor of `torch.accelerator.current_device_index()` and will be removed in a future PyTorch release.

Detailed Documentation

Documentation

(Deprecated) Return the index of a currently selected device for the current accelerator.

the index of a currently selected device.

`torch.accelerator.current_device_idx()` is deprecated in favor of `torch.accelerator.current_device_index()` and will be removed in a future PyTorch release.

(Deprecated) Return the index of a currently selected device for the current accelerator.

the index of a currently selected device.
