

Hardswish#

<https://pytorch.org/docs/stable/generated/torch.nn.quantized.Hardswish.html>

Description:

This is the quantized version of Hardswish. `scale` – quantization scale of the output tensor `zero_point` – quantization zero point of the output tensor

Function Signature

```
class torch.nn.quantized.Hardswish(scale, zero_point,  
device=None, dtype=None)[source]#
```

Parameters

Detailed Documentation

Documentation

This is the quantized version of Hardswish.

scale – quantization scale of the output tensor

zero_point – quantization zero point of the output tensor

This is the quantized version of Hardswish.

scale – quantization scale of the output tensor

scale – quantization scale of the output tensor

zero_point – quantization zero point of the output tensor

zero_point – quantization zero point of the output tensor
