

float16_static_qconfig#

https://pytorch.org/docs/stable/generated/torch.ao.quantization.qconfig.float16_static_qconfig.html

Description:

Dynamic qconfig with both activations and weights quantized to torch.float16.

Function Signature

```
torch.ao.quantization.qconfig.float16_static_qconfig#
```

Detailed Documentation

Documentation

Dynamic qconfig with both activations and weights quantized to torch.float16.

Dynamic qconfig with both activations and weights quantized to torch.float16.
