

# per\_channel\_dynamic\_qconfig#

[https://pytorch.org/docs/stable/generated/torch.ao.quantization.qconfig.per\\_channel\\_dynamic\\_qconfig.html](https://pytorch.org/docs/stable/generated/torch.ao.quantization.qconfig.per_channel_dynamic_qconfig.html)

## Description:

Dynamic qconfig with weights quantized per channel.

## Function Signature

---

```
torch.ao.quantization.qconfig.per_channel_dynamic_qconfig#
```

## Detailed Documentation

---

### Documentation

Dynamic qconfig with weights quantized per channel.

Dynamic qconfig with weights quantized per channel.
