

torch.fx.experimental.proxy_tensor.handle

https://pytorch.org/docs/stable/generated/torch.fx.experimental.proxy_tensor

Description:

Call into the currently active proxy tracing mode to do a SymInt/SymFloat/SymBool dispatch trace on a function that operates on these arguments.

Function Signature

```
torch.fx.experimental.proxy_tensor.handle_sym_dispatch(func,  
args, kwargs)[source]
```

Return type

Returns:

R
