

torch.get_deterministic_debug_mode#

https://pytorch.org/docs/stable/generated/torch.get_deterministic_debug_mode

Description:

Returns the current value of the debug mode for deterministic operations.

Refer to `torch.set_deterministic_debug_mode()` documentation for more details.

Function Signature

```
torch.get_deterministic_debug_mode()[source]#
```

Return type

Returns:

int

Detailed Documentation

Documentation

Returns the current value of the debug mode for deterministic operations. Refer to `torch.set_deterministic_debug_mode()` documentation for more details.

Returns the current value of the debug mode for deterministic operations. Refer to `torch.set_deterministic_debug_mode()` documentation for more details.
