

torch.is_storage#

https://pytorch.org/docs/stable/generated/torch.is_storage.html#torch.is_storage

Description:

Returns True if obj is a PyTorch storage object. obj (Object) – Object to test
Typels[Union[TypedStorage, UntypedStorage]]

Function Signature

```
torch.is_storage(obj, /)[source]#
```

Parameters

Return type

Returns:

Typels[Union[TypedStorage, UntypedStorage]]

Detailed Documentation

Documentation

Returns True if obj is a PyTorch storage object.

obj (Object) – Object to test

Typels[Union[TypedStorage, UntypedStorage]]

Returns True if obj is a PyTorch storage object.

obj (Object) – Object to test

Typels[Union[TypedStorage, UntypedStorage]]
