

torch.mtia.get_rng_state#

https://pytorch.org/docs/stable/generated/torch.mtia.get_rng_state.html

Description:

Returns the random number generator state as a ByteTensor. device (torch.device or int, optional) – The device to return the RNG state of. Default: 'mtia' (i.e., torch.device('mtia'), the current mtia device).

Function Signature

```
torch.mtia.get_rng_state(device='mtia')[source]#
```

Parameters

Return type

Returns:

Tensor

Detailed Documentation

Documentation

Returns the random number generator state as a ByteTensor.

device (torch.device or int, optional) – The device to return the RNG state of. Default: 'mtia' (i.e., torch.device('mtia'), the current mtia device).

Returns the random number generator state as a ByteTensor.

device (torch.device or int, optional) – The device to return the RNG state of. Default: 'mtia' (i.e., torch.device('mtia'), the current mtia device).
